Waterdhavian Polycule

Summary

Pure self-indulgent porn of original characters that originated in DnD campaign. Sharing because I don't know what else to do with this, maybe someone will enjoy it.

Notes

We've spun an AU about these three and the pairing just spiraled out of control. I'm not apologising.

Zelos leads his lovers into their boudoir with the kind of pep in his step only reserved for when he has a plan that he is proud of. Yet, at first glance, there's nothing unusual about the room: as always, his *tools of the trade* are neatly lined up, every surface freshly cleaned, towels, rags and bandages easily within reach.

When the door closes behind them and their *playtime* officially starts, there's nothing different from their familiar song and dance either. The atmosphere is light and relaxed; they help each other undress, slowly and carefully, savouring the sight of every newly exposed inch of skin despite knowing it very intimately. There's lazy kisses and fleeting caresses, simple enjoyment of each other's company, as they undo buttons, untie laces, slide shirts off and slip out of breeches. There's long gazes, full of rising desire, gliding over bodies well explored. There's giggles, even, when Ciliren's corset laces get tangled and they struggle with them for a while, or when Cal makes a lewd joke. Zelos chastises him, playfully, with a gentle slap on his bare ass while setting their clothes aside, far out of danger of being stained by any of their activities.

Once everything's ready, Zelos sits Ciliren on the edge of the giant, headboard-less bed in the middle of the room, allowing her a moment to get comfortable. Then, he leads Cal in front of her and unceremoniously kicks the back of his legs in so that he kneels at her feet. He motions for Ciliren to spread her legs, which she does happily, and pushes his lover's face straight into her exposed pussy.

"Eat up," he says, voice a little too jaunty to really register as an *order*, but Cal doesn't need to be told twice. He is not known for *tongue tricks* without a reason, after all, and Ciliren is always willing to help him practice. This time, though, it is not as easy as simply making her sing with his mouth. The moment he dives in, Zelos grabs his riding crop and smacks his back.

Both Cal and Ciliren startle at the swing cracking in the air. Their lover just grins. "Mind your teeth," he warns, nudging Cal's jaw back towards Ciliren's groin with the business end of his tool. Cal smirks, smacks his lips and gets to work, eager to participate in the *fun* that was laid out before him.

Zelos gives him the grace of making the first few hits lighter, so that Cal can get in position and used to the sensation. But he certainly doesn't go easy on him, soon covering his back and bottom in striking, red lines, some of which even start to swell. All accompanied by both Cal's, and Ciliren's moans.

Zelos knows that it would take a bit longer while he's being flogged, but Cal still could definitely bring Ciliren to completion with just his mouth. He has done it before. Though he wouldn't ever deny her pleasure, she has her limits and this time, Zelos has much more prepared for their evening. When the tips of Cili's ears turn a beautiful red and her breathing becomes laboured, he grabs Cal by the hair and pulls him away.

Only then he can fully admire how hard at work Cal was; his face is flushed, most of his body covered in sweat, and the three fingers he's reluctantly pulling out of his lover wrinkly

with her moisture like old prunes. He gasps for air, as if he denied himself breathing only to be able to lick Ciliren more intensely.

"Liked your appetizer?" Zelos asks, pulling the other man up by the chin and kissing him. Cal nods eagerly and kisses back, needy and greedy and sloppy. He's indulged for a moment, if only to give Ciliren time to get a hold of herself.

Then Zelos wraps his fingers around Cal's throat gently — normally he'd grab him by the collar of his shirt, but in the absence of it, this works for them too — and guides him towards the edge of the bed. He pushes Cal back, having him fall onto the linens next to Cili. When his battered back touches anything but the cool air, he groans in pain, biting his lower lip.

With him splayed out on his back like this, his aching erection is on full display. Ciliren can't help but reach out towards it with parted lips, but Zelos grabs her by the wrist and pulls her up, then over Cal instead. She smiles, understanding perfectly what's expected of her.

Ciliren straddles Cal's groin and lowers herself down onto him, slowly and carefully. She makes sure to adjust and make herself *comfortable* before she relaxes her legs and properly sits down, resting her weight on his pelvis. Cal's dick is a good, nice pressure inside her, and she can't help but wiggle her bottom a bit to enjoy the sensation.

The man beneath her grins in satisfaction, placing his palms on the sides of her hips. The wet, pulsing heat of her cunt enveloping his dick is a very similar to the pulsing, sweaty fire raging across his aching back, and it swaddles him in delightful warmth from all sides. He shifts minutely, checking if moving will sting even more; it does, he notices with glee, and he can already imagine the luxurious pleasure of getting to fuck Ciliren like this.

But before Cal can thrust up to chase his release inside Cili, their third puts a calloused hand on his chest and holds him down. The demand is easy enough to follow, so Cal waits, even if Ciliren squirming impatiently on him makes him want to start *immediately*.

Zelos doesn't keep them waiting long. He clips a dainty golden chain to the piercings in Ciliren's nipples, and weaves a satin ribbon through it. She thinks it'll be a beautiful decoration, something pretty for Cal to look at, a bow on his present.

Then Zelos pulls the ribbon up and ties it around her neck like a choker.

The chain is just a *smidge* too short to let her breasts rest when its secured to her neck, so it pulls them up by the piercings, causing a pinch of pain. Ciliren gasps, the blush on her cheeks deepening.

"Go on now," Zelos encourages with a smirk. "He's been so good for you, don't you want him to feel nice, too?"

She lets out another gasp when she tentatively moves up and down, the motion causing her breasts to bounce and tug on the piercings even more. It is at that moment that Cal can no longer help himself, and bucks up, only his grip on Ciliren's sides keeping her from toppling over. They take a moment to synchronise their movements, but soon enough their gasps transform into moans as each motion comes with a zing of both pleasure and pain.

Zelos leans back, looking at them with a satisfied grin. His plan worked beautifully, so after a moment he rewards himself for his effort: sits at their side and leans in to steal kisses from them, sharing equally between both of his lovers.

In time, as Ciliren's moans become louder and louder, and Cal joins in on the serenade, Zelos' displays of affection intensify too. He kisses longer, harder, messier, more urgently. His hands slip into his lovers' hair and grasp it tightly, to pull them closer when he needs to, heedless of — or rather, enjoying — the way it causes sharp pain to sting momentarily in their scalps and makes them whimper. When he notices his teeth catching on their lips, longing for more, he allows himself to tilt necks back to leave hickeys along their tender jugulars. Soon, Zelos too starts to pant with need that he can ignore no longer, his own erection almost painfully neglected so far.

He lets go of Cal's chin halfway through exploring his mouth with his tongue, their lips parting abruptly. Despite the faint whine of sadness that his lover makes, Zelos moves away. He doesn't go far, though: he slinks behind Ciliren, bends her forward with one swift motion and, without any warning, pushes into her, bottoming out in a single thrust.

The woman screams, the pain of the sudden stretch mixing with the dizzying elation of feeling them both inside her. Zelos doesn't even give her a single moment to catch her breath; he lays over her back, crowding both his lovers under him, and starts pounding with the reckless abandon. Ciliren can barely hold herself up under the onslaught, and when her elbows buck under her, her bosom lands squarely in Cal's face.

He would not be himself if he didn't take that opportunity to wrap his lips around one of those succulent, decorated breasts. When he starts to suck, worrying the already aching nipple between his teeth, Ciliren can't do anything but start crying.

"I can't—" she sobs out, overwhelmed, hardly managing a word or two between Zelos' thrusts punching the air out of her. "Too much— please—"

"You can," he assures her, whispering straight into her ear without slowing down. "You will." He leans closer to Cal over her shoulder. "It'll be a miracle if she doesn't catch after we both finish inside," he says, grinning.

Cal's eyes, already hazy with pleasure and delight at the show he's getting, dilate instantly. He grips Cili's hips harder, fingertips digging into her skin, and bucks up with sudden desperation. Zelos places one hand over Cal's, lacing his fingers with his, to stabilise her against the thrusts. With his other, he grabs a hold of her hair, tilting her head back slightly, as if to show her cleavage off to the man under them.

Like this — with a beautiful, lovely woman presented like a gift to him, a vision of her belly rounding with his child implanted in his mind, and the satisfying burn of his bruised back grinding against the bed linens under him — it is not long until Cal spills with a loud moan, pumping warm seed into her. In but a few moments more, Ciliren's cunt clenches around them as her whole body shakes with the rumbling shiver of release, too.

Zelos is the last to finish. He fucks Ciliren greedily through her peak and through the oversensitivity that follows, with Cal still trapped inside her with him, until she's limp and

sobbing in his arms. When he pulls out, she sighs in relief and a stream of semen starts to drip out of her almost instantly.

He flops to the side, letting himself show his exhaustion finally, gently placing Cili between him and his other lover. He pets her hair to check in with her, but all she manages is to nuzzle into his hand. He then reaches over to touch Cal's cheek, only to find him already dozing off, face showing pure bliss. With both accounted for, Zelos smiles and pulls a blanket over the three of them.
